## Education

### Alexandria University

Sep. 2024 – May 2028

Bachelor of Science (B.Sc.), Software Industry and Multimedia — 2nd Year — GPA: 3.66/4.0

Egypt, Alexandria

## Experience

### React Developer Trainee | Digital Egypt Pioneers Initiative (DEPI)

June 2025

- Developed 4+ modern web applications using React.js and JavaScript (ES6+).
- Designed responsive, mobile-first interfaces using Tailwind CSS and Bootstrap.
- Integrated RESTful APIs and managed application state efficiently.
- Led a team of 4 developers to deliver the Capstone Project within 2 weeks

## Relevant Coursework

- Software Engineering
- SDLC
- Data Structures
- OOP
- Web Development
- Agile Methodologies
- Leadership
- Problem Solving

## Projects

### Quran Kareem [GitHub](#) | [Live Demo](#)

Feb 2026

- Built a full Quran reading web app featuring all **114 Surahs** with clear Arabic typography and **Audio Recitation** support.
- Implemented **Auto-Save Progress** using **Context API** to bookmark the last read Surah across sessions.
- Developed with **React.js**, **TypeScript**, and **Tailwind CSS**; deployed via **Vercel** with full **SEO** optimization including sitemap and Open Graph tags.

### Hot Wheels E-Commerce [GitHub](#) | [Live Demo](#)

Dec 2025

- Implemented a **Loyalty System** for earning and redeeming user rewards.
- Built an **Admin Dashboard** for seamless product and inventory management.
- Managed application state via **Redux** and navigation using **React Router**.
- Designed a modern, responsive UI using **React.js** and **Tailwind CSS**.

### Personal Portfolio [GitHub](#) | [Live Demo](#)

Oct 2025

- Designed a responsive static website to showcase technical projects and skills.
- Built using optimized **HTML5**, **CSS3**, and **JavaScript**.
- Achieved a **95+** Lighthouse performance score and ensured cross-browser compatibility across **4 major browsers**

## Skills

### Languages & Technologies

- JavaScript (ES6+), TypeScript, HTML5, CSS3
- React.js, Redux Toolkit, Tailwind CSS, Bootstrap
- RESTful APIs, JSON

### Developer Tools

- VS Code, Git, GitHub
- Vite, npm

### Soft Skills

- Leadership, Team Management
- Problem-Solving, Teamwork, Communication
- Attention to Detail, Time Management

## Leadership / Extracurricular

- **DEPI Capstone Team Leader:** Led the development team, delegating tasks effectively to ensure balanced workloads and seamless collaboration.
